Read Carefully

A few facts and figures in regard to Binders and Twine, which means money to you.

We are advised that you expect to buy a binder for your 1903 harvest. Will you kindly give us a few moments of your time to discuss a proposition of vital importance to you?

Have you looked the new "Minnie" over? If so, have you compared her FORTY inch master wheel with the little THIRTY-FOUR and THIRTY-SIX inch master wheels under other binders? Did you notice that the bevel gear on the "Minnie" is 11 1/2 inches in diameter? Have you noticed the bevel gear on another binder, which is only seven inches in diameter? You know that the master wheel and bevel gear give the machine all the power it has to cut, elevate and bind the grain. Did you notice the figure on moving a given weight with a lever six feet long and one a little more than half as long?

Remember, the master wheel and bevel gears on any binder are the only levers that give the machine its power to move all other parts, and the greater the leverage the easier your machine will work and the longer it will last.

Has it occurred to you that if you buy a "Trust" binder, you will be compelled to buy the high priced, trust-imported twine, as they will not use any other kind of twine?

Remember, that on the "Minnie" Binder you can use Wire Grass Twine which is grown in inexhaustible quantities on our home prairies, hence will always be lower in price than the imported twine can be.

SCHOOL TRUSTEES ELECTED

Largest Attendance at an Annual School Meeting in Years, Monday Evening.

There is more interest taken in matters pertaining to our public schools each year. It is only a few years, as those who have attended annual school meetings regularly will remember, that a dozen residents of the district would be considered a large turnout.

This year the number was swelled to thirty-six and each one seemed to take an earnest interest for the good of our schools. Each year there is expended to maintain this institution between five and six thousand dollars, therefore it is well to place officers in charge that will look to the financial as well as the high educational standard of this temple of knowledge. Following is a list of the new trustees elected:—

Three years—J. A. Menzies
Three years—L. F. VanCamp
One year—Dr. W. G. Wight

The retiring board of trustees has exercised the utmost care in selecting a corps of teachers for the ensuing school year that are well qualified in their respective departments and in fulfilling such other duties as devolved upon them they did their level best.

The new board is required to qualify and organize within nine days when it will take up the work of its predecessor. Speaking for each individual member of the new board of trustees The Expositor can say truthfully that there is not one but has the greatest interest for the advancement of our schools and will do all in his power to hold the institution up to its present high standard.

The new school board was instructed by the voters to repair the primary school building as needed, and to hire an assistant teacher for the 1st and 2d intermediate rooms.

VOTED FOR FREMONT.

St. Clair County Men Who Favored the Pathfinder for President.

In the roster of over 1,000 Michigan men who voted for John C. Fremont in 1856, the first Republican candidate of the United States, are included the names of L. B. Rice and David H. Bryce, of Port Huron; Dr. C. F. Burger, Rev. J. S. Sutton, Ex-Mayor Simon Langell, Ex-Mayor Mark Hopkins, Capt. Henry Fish, J. K. Stanley, Henry Luck, William D. Hart, George Borntrager, S. R. Fairman, George Akred, Andrew Husel, T. W. Bacon, Horace M. Carleton, of St. Clair, and Marvin Holcomb, Abe Shearer and George Evans, of Yale.

The oldest of the 1,000 voters is "Uncle Dan" Whipple, of Traverse City, now in his one hundredth and 4th year. He accompanied Fremont on his Rocky Mountain Expedition. It has been suggested that these men form a "Fremont" club.

Gideon's Band.

On Sunday afternoon class No. 14 of the Presbyterian S. S. gathered at the home of Mr. and Mrs. R. G. McLaughlin and organized a club called "Gideon's Band." The following officers were elected:—

President—Roy McLaughlin
Vice-Pres.—Will Menerey
Sec. and Treas.—Leslie Menzies
Asst. Sec.—Treas.—Irving Palmer
Two committees were selected by the president, viz:—

SOCIAL—Irving Palmer, Walker Stevens, Will Menerey and Leslie Menzies.
LOOKOUT—Claude Nims, Fred Currier, Clara Fuller, Roy Morsehead and Craig Adams.

COCK ROBIN NOT KILLED.

So Says a Jury of Six Men After Hearing the Evidence.

The suit of the People vs James Wallace for killing robins was tried on Friday afternoon before Justice Hallentine.

Assistant Prosecuting Attorney Alex. Moore appeared for the People and J. A. Rapley for the defendant.

The jury was out about twenty minutes, bringing in a verdict for the defendant of not guilty.

JUST ABOUT BEDTIME.

Take a Little Early Riser—it will cure constipation, biliousness and liver troubles. DeWitt's Little Early Risers are different from other pills. They do not gripe and break down the mucous membranes of the stomach, liver and bowels, but cure by gently arousing the secretions and giving strength to these organs. Sold by Grant Holden.

A sun-faded front room carpet is a whole lot better than a boyless house. The wise husband remembers that his wife would rather have kind words and some new clothes than silver handles on her coffin a few years hence.

In every case the beneficiary must pay this money to the state upon the transfer of the property. In case this is not done the executor of the estate will be held personally responsible. The money will go to the state and be apportioned to the school funds of the several counties. The real estate in every instance is responsible for the taxes.

Obituary.

Frank Rapley, second oldest son of Thomas and Emma Rapley, died at the hospital in Toledo, Ohio, where he had been taken for an operation, on Friday afternoon, July 10th, 1903, at the age of 52 years and nine months.

On learning of the death of his brother, J. A. Rapley immediately went to Toledo and brought the remains to Yale arriving here Saturday evening. The funeral was held Sunday afternoon at 4 o'clock from the residence of deceased's parents, Mr. and Mrs. Thos. Rapley, Rev. C. D. Ellis, of the Presbyterian church, delivered a short sermon after which the burial took place in Elmwood cemetery.

Frank Rapley was born in Strathroy, Ont., in 1851. At the age of 32 he married Minnie Duval with whom he has since resided. No children were born to this union. About 12 years ago deceased was a drayman in Yale and will be remembered by many of the older residents.

This death is the first break in a family of eleven children.

Caro Exchange Bank Suspended

President Charles Montague, of the Exchange Bank, of Caro, Mich., on Monday, July 13th, made an assignment to the Union Trust Co. of Detroit. The bank did not hold to exceed a half dozen business accounts outside of the enterprises in which Charles Montague is interested, so that the loss falls upon small depositors, mostly farmers, who were attracted to the institution by its president's reputed wealth. The bank has done no general banking for a number of years, and it is not believed that the assets in the way of negotiable paper will exceed \$1,000, while the amount on deposit is estimated by conservative ones at from \$70,000 to \$100,000.

The Caro Light & Power Co., of which he is the owner, and which has been erecting a big dam across the Cass, is generally regarded as a failure, because the dam has twice gone out. He is said to have lost \$10,000 in beet raising last year, and most of his investments seem to have proved unprofitable and to have brought about the results stated above.

No Pity Shown.

"For years late was after me continually" writes F. A. Guillede, Verbona, Ala. "I had a terrible case of piles causing 24 tumors. When all failed Bucklen's Arnica Salve cured me. Equally good for burns and all aches and pains. Only 25c at Grant Holden's drug store."
